

Exchange - Repair - Overhaul

For over 40 years, Aero-Mach has built their reputation for overhauling and repairing instruments and fuel system components on quality, value, and service. Offering same day shipment on most AOG and emergency replacements, Aero-Mach has partnered with KADEX Aero in Canada to give their customers what they need, when they need it.

Exchange - Repair - Overhaul

Products & Capabilities

Mechanical & Pneumatic instruments

- Mach Airspeed Indicators
- True Airspeeds
- Max-Allowable Airspeeds
- Vertical Airspeed Indicators
- Mach Meters
- Altimeters

Gyro-Operated Instruments

- Auto-Pilot Gyros
- Vertical Gyros
- Flight Director Gyros
- H.S.I
- Turn & Slip Indicators
- Attitude Gyros
- Directional Gyros
- Rate Gyros
- Turn Coordinators

Power Plant & Electric Instruments

- Oil Pressure Transmitters
- Torque Pressure Transmitters
- RPM Indicators
- Oil Temp/Pressure
- N1 & N2 Turbine Tachometers
- Secondary Flight Displays
- Fuel Flow Transmitters
- Autosynch Systems
- Engine Combination Gauges
- Cylinder Head Temperature
- Vertical Scales

Fuel Management Systems

- Probes
- Quantity Indicators
- Flow Indicators
- Signal Conditioners
- Status Indicators
- Totalizers

Indicators

- Prop/Percent
- Oil Pressure
- Torque
- ITT/EGT
- Turbine
- AOA
- Trim Position

Design And Refurbishing

Dials

State Of The Art Printing Process

- UV Cured Inks/ Fade Resistant
- Customizable
- Personalize With Your Own Logo
