**THE LED UPGRADE  
EXPERTS**

## PA-46 SERIES LIGHTING

- LED & HID Products
- Increases safety, see and be seen
- Reduces electrical load and heat output
- Increased Reliability
- 5-year warranty, proven system based on time-tested components.
- FAA, STC, EASA, DGCA, ANAC, & Transport Canada Approvals
- Thousands of installations worldwide
- Global Reseller Network

WHELEN AEROSPACE TECHNOLOGIES

## PA-46 SERIES LIGHTING

**HID** – Whelen Aerospace Technologies has STC'd HID landing/taxi light kits available for the Piper PA-46 aircraft. Each kit is custom made for the Meridian aircraft and features our patented 85w power supply that operates in dual modes. The dual modes are for aircraft equipped with a pulse controller. Our HID kits come with all components and paperwork needed for installation.

**LED** – Whelen Aerospace Technologies also has the Parmetheus™ PLUS and PRO series STC approved for the Piper PA-46. All WAT lighting options offer a greater improvement over the factory installed assemblies, improving both daytime and night-time visibility, dispatch reliability and most importantly increased safety of flight.

Model #	Part #	Description	Approvals
