**NEW**

**PARMETHEUS™ G3**

**PAR 36 LANDING  
& TAXI LIGHT**

**IN STOCK**

Whelen Aerospace Technologies is proud to announce the newest member of the Parmetheus™ product family, The Parmetheus™ G3. Keeping the tradition of industry leading performance and value, the new G3 Series is 2.5 times brighter than the Parmetheus™ Plus all while maintaining the same form, fit and functionality of a drop-in LED replacement for legacy landing lights. Available in PAR-36 landing or taxi, the G3 is now dual voltage. No need to specify voltage as the G3 operates from 14-28 volts.

**SPECS**

- High Intensity LED Product
- Weight: 0.8 lbs
- Max Current Draw:  
3.8 amps at 14VDC  
1.9 amps at 28VDC

**2.5 TIMES BRIGHTER THAN PARMETHEUS™ PLUS**
